Templates for letter of confirmation of supply

Forms have been developed in order to reduce to the minimum the administrative burden for all parties involved. As such, they are intended to cover mainstream cases, but might have to be adjusted or not suited at all for more specific cases.

The templates of letters of confirmation of supply to be used by product/substance suppliers included in the Article 95 list are modified forms from CA-May15-Doc.4.13-Annex-Final-Article 95 implementation and enforcement (original document available at CIRCA BC).

“□” points in the forms are alternatives.

ECHA's list of active substances and suppliers is available at <https://echa.europa.eu/information-on-chemicals/active-substance-suppliers>
