

LEAFLET FOR PERSONS ARRIVING BY AIR, SEA AND LAND TRANSPORT

EN Exemptions for foreigners to enter Lithuania are set out in [the Resolution No 152 of the Government of the Republic of Lithuania Declaring A State Of National Emergency](#) (Sub-paragraph 2.3).

1. Persons coming/ returning to Lithuania shall have the following:

- confirmation of electronic questionnaire received by e-mail (QR code)*;

AND

- persons over 16 years of age – a **document**, proving a negative COVID-19 test result (drawn up in one of the official languages of the European Union). They shall have a PCR test performed not earlier than 72 hours before arrival / return to Lithuania, an antigen test - **not earlier than 48 hours before arrival / return to Lithuania** (serological antibody tests shall not be accepted; results of antigen rapid tests purchased at pharmacies, which people can use to test themselves, shall not be accepted either);

OR

- a document confirming that the person has recovered from COVID-19 (coronavirus infection) when his/ her diagnosis was confirmed by a positive SARS-CoV-2 PCR test and not more than 180 days have passed from the positive test result before returning / arriving to the Republic of Lithuania (documents shall be drawn up in one of the official languages of the European Union);

OR

- a document (drawn up in one of the official languages of the European Union) stating that vaccination of a person with one of the vaccines against COVID-19 (coronavirus infection) (COVID-19 Vaccine Janssen, Comirnaty, Spikevax or Vaxzevria) in accordance with the vaccination plan approved by a competent authority of the country where the person was vaccinated, **if at least 14 days have passed since a COVID-19 (coronavirus infection) vaccine dose, and the person has received:**

- the second vaccine dose, where the vaccination schedule consists of two vaccine doses;
- one vaccine dose in case of a single-dose vaccination schedule;
- at least one vaccine dose for persons having recovered from COVID-19 (coronavirus infection), when his/ her diagnosis was confirmed by a positive SARS-CoV-2 PCR test.

OR

- European Union digital COVID certificate confirming recovery from COVID-19 (coronavirus infection) when the diagnosis was confirmed by a positive SARS-CoV-2 PCR test result and when not more than 180 days have passed from positive test result before returning / arriving to the Republic of Lithuania, or the fact that the person has been vaccinated with COVID-19 (coronavirus infection) vaccine, if at least 14 days have passed since the second COVID-19 (coronavirus infection) vaccine dose and the person has received:

- the second vaccine dose, where the vaccination schedule consists of two vaccine doses;
- one vaccine dose in case of a single-dose vaccination schedule;
- at least one vaccine dose who has recovered from COVID-19 (coronavirus infection), when the diagnosis was confirmed by a positive SARS-CoV-2 PCR test.

➤ Upon arrival to Lithuania, presenting documents proving that a person has recovered from COVID-19 shall not be necessary, if the disease was diagnosed in Lithuania, and the data are available in the information system esveikata.lt.

If a person has the right to the self-isolation exceptions laid down in the Rules on Self-Isolation, he/ she shall indicate this when completing a passenger questionnaire (<https://keleiviams.nvsc.lt/en/form>). It shall be necessary to have documents proving the exception. These documents shall be submitted to NVSC specialists or officers inspecting persons in self-isolation at their request.

2. 10-DAY SELF-ISOLATION SHALL BE MANDATORY for people returning/arriving from:

- countries in the red and gray areas according to the list of affected countries. Self-isolation shall be mandatory regardless of the test result. Self-isolation time may be shortened not earlier than on the 7th self-isolation day having had a PCR test performed in a mobile point, or at personal expense or at his/ her own expense and tested negative.

SELF-ISOLATION SHALL NOT APPLY FOR:

- people returning from countries in yellow and green areas (according to the list of affected countries); arrivals from countries belonging to the yellow zone must be subjected to a PCR test no earlier than the third day and no later than the fifth day after arrival;

- vaccinated against COVID-19 (COVID-19 Vaccine Janssen, Comirnaty, Spikevax or Vaxzevria), if at least 14-day have passed from COVID-19 (coronavirus infection) vaccine dose, and the person has received:

- the second vaccine dose, where the vaccination schedule consists of two vaccine doses;
- one vaccine dose in case of a single-dose vaccination schedule;
- at least one vaccine dose for persons having recovered from COVID-19 (coronavirus infection), when their diagnosis was confirmed by a positive SARS-CoV-2 PCR test.

- those, who have recovered (not earlier than 180 days ago);

- for children under 12 years of age. Elderly children (12 to 16 years of age) shall not be obliged to self-isolate, if they have tested COVID-19 negative (using a PCR or an antigen test). Having tested in Lithuania, self-isolation shall be mandatory until the test result has been received;

- in other established exceptional cases, the list of which is available here: nvsc.lrv.lt/isismtys

3. If a person is subject to a self-isolation exception, documents in evidence thereof may be required during the inspection.
4. Provision of incorrect or incomplete information and other violations of the Law on the Prevention and Control of Communicable Diseases in Humans of the Republic of Lithuania may subject to administrative liability in accordance with Article 45(4) of the Code of Administrative Offenses of the Republic of Lithuania and a fine from EUR 500 to EUR 1 500.

***When filling in the Questionnaire, it is necessary to indicate the countries you have visited during 14 days prior to arrival in Lithuania. If you are arriving from countries to arrivals / returnees from which self-isolation does not apply, you DO NOT need to tick "I am covered by exemption from self-isolation ...". If you indicate the countries for arrivals / returnees from which the self-**

isolation is mandatory, the self-isolation will be applied automatically upon submission of the Questionnaire. In such cases, if you are entitled to a self-isolation exemption, you must tick "I am covered by exemption from self-isolation ..." and indicate the specific exemption from the list provided.

Information was prepared on the basis of orders of the Minister of Health and decisions of the Minister of Health-State Emergency State Operations Manager valid as at 16 08 2021.

More information for persons arriving to Lithuania is available here:
