Tattoo ink

Name

Natural Pigment Brown Coffee

Packaging description

Black/brown container with gold letters and a white cap

Brand

Y.X

Product description

Tattoo ink in a black/brown container. Product sold online.

Risk type

Chemical

Risk description

The product contains arsenic, cobalt, lead and nickel (measured values 2.6 mg/kg, 11 mg/kg, 0.90 mg/kg and 12 mg/kg, respectively). Arsenic may cause cancer, may damage fertility or the unborn child, causes damage to organs through prolonged or repeated exposure. Cobalt is a skin sensitiser and may cause cancer. Lead is harmful to human health, accumulates in the body and may affect breast-fed or unborn children. Nickel can cause skin irritation, induce sensitisation or elicit allergic responses.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the REACH Regulation.
